

Day 1 -- FIND IT Parents, help your child use the index in the front of his/her Bible to find the book. Explain that the first number is the chapter and the sencond number is the verse. FIND IT and read the vers(s) aloud.

Day 2 -- MARK IT. One great way to learn a verse is to MARK IT in your bible. Parents, have your child use a set of colored pencils to mark things that stand out to them as you read it together. Give them ideas of what to underline. For Example, circle action words or underline their favoritepart. Then talk about it together.

Day 3 -- WRITE IT or DRAW IT. Ask your child to think about what this verse is asking them to do. Now, pull out a piece of paper and have them either WRITE IT in their own words or DRAW a picture of what they need to remember.

Day 4 -- PRAY IT. - Explain to your child that it's not enough just to read the Bible or even to memorize it God wants us to put his Word into practice and actually life it out! Encourage them to **PRAY IT** and ask God what he wants them to do with what they are learning.

Day 5 -- SAY IT. - One of the best ways you can help your children **LIVE IT** is by helping them **SAY IT**. Help them by repeating the verse, or maybeturn it into a song. If they can **SAY IT** there is a better chance they will **LIVE IT!**
